Did you know that there are more people on Facebook right now than there were on the planet 200 years ago? (Kony2012)

"EcoMotion inspired me to take action on my campus!"

With a global population of 7 billion people and growing, the choices you make today will shape our tomorrow!
**Sustainable Horizons** is an engaging presentation that ties together the story of a student built apple orchard and the power of pursuing one’s dreams. It aims to inspire campus audiences to seize upon their creative potential and to take sustainable action!

**As a result of this talk, campus audiences can expect to:**
- Adopt a new understanding of the root problems driving today’s environmental and human crises.
- Feel empowered to take action on campus.
- Change attitudes on the power of individual’s role to generate long-lasting solutions.
- Explore a career in the green economy.
- Develop a fresh perspective that sees each challenge as an opportunity in disguise.
